Who Are Our Clients?

Our clients include legal, healthcare, financial services, government departments, businesses, support contact centers and customer care centers.

Any business or organization aspiring to eliminate language barriers and become a truly global player can get ahead with DayInterpreting™.

Why Choose DayInterpreting™?

Our intuitive and best-in-class solution employs advanced technology, offering 99.9% uptime, incredibly fast connection time and the highest call quality available. We ensure seamless communication between speakers of different languages, empowering your organization to conquer diverse communities.

As an industry leader, Day Translations is backed by a professional team for OPI services and over a decade of experience. We carefully screen all our phone interpreters and train them rigorously, allowing us to meet industry benchmarks and exceed your expectations.

How Does It Work?

All DayInterpreting™ clients get self-service access to an intuitive, online dashboard. You can manage your account and purchase call credits online, through our easy-to-use dashboard.

Once you purchase prepaid credits, you can avail our 24/7 interpretation services anytime, anywhere! You can get instantly connected to a professional interpreter with the click of a button on your dashboard or through our special toll-free number.

Call Rates

You will be charged only for the exact duration of your call, billed per minute. If your organization requires frequent interpreting services, we recommend contacting us for special rates.
